Food Collection For Open Door Pantry Donate Items By July 11

Help the Meals and More ladies group collect items for their upcoming service project. We will be working with Open Door Pantry, which provides food support for low-income individuals and families across Dakota County. We will be making "snack packs" to be distributed during the summer through their [Mobile Lunchbox program](#) and also at elementary school distribution sites during the school year.

- Please bring your items (see list [here](#)) to the collection box in the lobby by July 11th. Additionally, you can donate money and we will purchase items for you. This can be placed in the white collection box near the office.
- Please label your monetary donation as "for the Open Door Pantry project". We will be packaging the donated items at our July 11th meeting.
